LEGISLATIVE COUNSEL'S DIGEST

SB 1210, Lara. Postsecondary education: California DREAM Loan Program.

Existing law establishes the University of California, under the administration of the Regents of the University of California, and the California State University, under the administration of the Trustees of the California State University, as 2 of the segments of public postsecondary education in this state. Existing law authorizes the regents and the trustees to require that mandatory systemwide fees and tuition, among other fees, be paid by students at campuses of the University of California and the California State University, respectively.

This bill would establish the California DREAM Loan Program. The bill would provide that, commencing with the 2015–16 academic year, a student attending a participating campus of the University of California or California State University may receive a loan, referred to as a DREAM loan, through the program if the student satisfies specified requirements, including a requirement that the student be exempt from paying nonresident tuition or meet equivalent requirements adopted by the regents. The bill would require the Student Aid Commission, in collaboration with the participating campus, to certify that the student satisfies these requirements. The bill would require the student to affirm in writing that he or she satisfies one of these requirements, and would require the student to authorize the commission to access any information pertinent to certify that the student satisfies these requirements. The bill would require a participating campus to determine the amount of the loan offered to an individual student by the campus, subject to enumerated specifications.

The bill would state the intent of the Legislature that funds shall be appropriated in the annual Budget Act each fiscal year, commencing with the 2015–16 fiscal year, to participating campuses based upon the number of eligible students attending each respective campus who submitted a specified financial aid application during the prior academic year. The bill would require a participating campus to deposit these funds in a DREAM revolving fund established by each campus, subject to specified exceptions. The bill would require each participating campus to contribute its discretionary funds into its DREAM revolving fund so that the sum of the campus' contribution of funds and its share of DREAM loan repayments equals or exceeds 50%, as specified, of all funds in the campus' DREAM revolving fund at the start of each academic year before DREAM loans are awarded for that academic year.

The bill would require the California State University and the University of California to annually report to the Legislature as part of their respective annual financial aid reports the dollar amount of each DREAM loan awarded and number of students for whom a DREAM loan was awarded that academic year, and require each participating campus to annually report the total amount of funding in the institution's DREAM revolving fund, the annual amount contributed by the state, and the annual amount contributed by the institution to the institution's DREAM revolving fund, and the annual administrative costs of the DREAM Program at the

institution.

The bill would require a participating campus to determine a student's eligibility for a DREAM loan, award DREAM loans to students, and establish mechanisms for recording the annual amount of the DREAM loan borrowed by each recipient, and the aggregate amount of DREAM loans borrowed by each recipient.

The bill would require the trustees and request the regents to adopt regulations providing for the withholding of institutional services from current and former students who have been notified in writing that they are in default on DREAM loans.

The bill would provide that each participating campus is entitled to an administrative cost allowance to equal a specified amount for an award year if the campus advances funds through the DREAM Program to students that academic year.

The bill would provide that, if a state court finds that a specified provision of this program or similar provision adopted by the Regents of the University of California is unlawful, the court may order, as equitable relief, that the participating campus subject to the lawsuit terminate all loans awarded pursuant to that provision without money damages, loans, or other retroactive relief being awarded, and that the California State University and the University of California are immune from any imposition of money damages, loans, or other retroactive relief for actions taken under this program.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. This act shall be known, and may be cited, as the California DREAM Loan Act.

SEC. 2. The Legislature finds and declares all of the following:

(a) California has expanded access to higher education for thousands of hard-working, high-achieving students who attended and graduated from a California high school but were ineligible to pay in-state tuition and fees to attend a campus of the California State University and the University of California, including many students who were denied access to state financial aid or financial aid offered at these campuses.

(b) Since 2002, students have been exempt from paying nonresident tuition and fees at the California Community Colleges, the California State University, and the University of California pursuant to Section 68130.5. Commencing in 2011, these students were eligible for state financial aid or financial aid offered by these public institutions. Nevertheless, many of these students remain ineligible for federal student aid for reasons beyond their control. Lack of access to federal student loans presents a substantial barrier for these students to obtain a baccalaureate degree from the California State University or the University of California.

(c) The California DREAM Loan Act addresses this barrier by providing access to additional state aid so students may take full advantage of the educational opportunities offered at the California State University and the University of California.

(d) The California DREAM Loan Act represents an important step in the state's ongoing efforts to provide access to all academically qualified students pursuing the dream of a college or university degree. Through the enactment of this measure, California will keep faith with the state's longstanding promise to make higher education accessible and affordable to every qualified student.

SEC. 3. Article 23 (commencing with Section 70030) is added to Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code, to read:

(1) The loan may not exceed the financial need of the student.

(2) No student may borrow more than four thousand dollars (\$4,000) under this program within a single academic year.

(d) Interest shall not accrue on a DREAM loan during periods of at least half-time enrollment in a degree or certificate program or during the six-month grace period specified in subdivision (c).

(e) Eligibility for deferment or forbearance of a DREAM loan shall be determined by the participating institution in accordance with the standards set forth in the William D. Ford Federal Direct Loan Program.

(f) Participating institutions shall use a common promissory note, approved by the Treasurer, to issue DREAM loans.

(2) In accordance with subdivision (d), participating institutions shall make DREAM loan repayment revenue available to offset state and institutional contributions to the DREAM loan program so that, as much as practicable, the respective annual costs to the state and to participating institutions shall be reduced equally.

(d) At the start of each academic year, before DREAM loans for that academic year are awarded, each participating institution shall contribute discretionary funds into its DREAM revolving fund so that the sum of the institution's contribution of funds and the institution's share of DREAM loan repayments equals or exceeds 50 percent of all funds in the institution's DREAM revolving fund for each year of an institution's participation.

(e) A participating institution shall not receive any additional state funds if the receipt of these funds would reduce the percentage of the DREAM revolving fund derived from the sum of the institution's contribution of funds and DREAM loan repayments to less than the specified percentage of all funds in the institution's DREAM revolving fund as described in subdivision (d).

(f) (1) In the event that an institution terminates its participation in the DREAM Program, the institution shall continue to service DREAM loans, collect DREAM loan repayments, and perform all due diligence required by the federal Fair Credit Reporting Act (15 U.S.C. Sec. 1681 et seq.) until the last students at that institution issued loans under the DREAM Program prior to the institution terminating its participation have repaid their loans.

(2) An institution described in paragraph (1) that terminates its participation in the DREAM Program shall annually repay all funds provided by the state as the institution collects DREAM loan repayments.

(g) (1) The California State University and the University of California shall annually report to the Legislature as part of their respective annual financial aid reports the dollar amount of each DREAM loan awarded and number of students for whom a DREAM loan was awarded that academic year.

(e) The participating institution shall establish mechanisms for recording the annual amount of the DREAM loan borrowed by each recipient, and the aggregate amount of DREAM loans borrowed by each recipient, in order to comply with the annual and aggregate borrowing limits set forth in Section 70034.

70037. (a) The Trustees of the California State University and the Regents of the University of California shall adopt regulations providing for the withholding of institutional services from students or former students who have been notified in writing at the student's or former student's last known address that he or she is in default on a loan or loans under the DREAM Program.

(b) (1) The regulations adopted pursuant to subdivision (a) shall provide that the services withheld may be provided during a period when the facts are in dispute or when the student or former student demonstrates to either the Trustees of the California State University or the Regents of the University of California, as applicable, that reasonable progress has been made to repay the loan or that there exists a reasonable justification for the delay as determined by the institution. The regulations shall specify the services to be withheld from the student, which may include, but are not limited to, the following:

(A) The provision of grades.

(B) The provision of transcripts.

(C) The provision of diplomas.

(2) The services withheld pursuant to paragraph (1) shall not include the withholding of registration privileges.

(c) "Default," for purposes of this section, means the failure of a borrower to make an installment payment when due, or to meet other terms of the promissory note under circumstances where the institution holding the loan finds it reasonable to conclude that the borrower no longer intends to honor the obligation to repay, provided that this failure persists for 180 days for a loan repayable in monthly installments, or 240 days for a loan repayable in less frequent installments.

(d) This section shall not impose any requirement upon the University of California unless the Regents of the University of California, by resolution, makes this section applicable.

70038. (a) Each participating institution is entitled to an administrative cost allowance for an award year if the institution elects to advance funds under the DREAM Program to students for that award year.

(b) The amount of the administrative cost allowance described in subdivision (a) shall equal 5 percent of the

institution's total amount of DREAM loan funds awarded to students for the award year that the participating institution advances funds to students under the DREAM Program.

(c) Each participating institution may charge its administrative cost allowance to its DREAM revolving fund.

(d) Each participating institution shall use its administrative cost allowance to offset the cost of administering the DREAM Program.

(e) Each participating institution is responsible for administrative costs that exceed its administrative cost allowance.

70039. If a state court finds that Section 70033, or any similar provision adopted by the Regents of the University of California, is unlawful, the court may order, as equitable relief, that the participating institution subject to the lawsuit terminate all loans awarded pursuant to that statute or provision deemed unlawful by a state court, but no money damages, loans, or other retroactive relief, may be awarded. In an action in which a state court finds that Section 70033 or any similar provision adopted by the Regents of the University of California, is unlawful, the California State University and the University of California shall be immune from the imposition of any award of money damages, loans, or other retroactive relief.
