

January 22, 2014

Greetings Student Leaders of the State of California,

It is with great pleasure that I am sending you this notice as a request to save the date for the Student Senate for California Community Colleges 2014 “March in March” event in Sacramento, California. This year, the theme for the event will be “Classroom to Capitol” and is scheduled for Monday March 3, 2014.

The planning and coordination for the “March in March” has been underway as members of the SSCCC External Affairs Committee have been working diligently to evolve the event and incorporate a more engaging experience for everyone. The event will not only unify all students from the California Community College system, but promises to give students the tools they need to become motivated and make the call to action greater than ever before.

Students will be engaged from the moment they arrive at the selected staging area, as a number of informative mini workshops are being planned which will cover some of the most pertinent issues that the Community College system is facing. A lot of work and time is being put forth as to the selection of keynote speakers that will address students on the steps of the capitol during the rally. Students will continue to be engaged after the rally as regional booths and representatives from the SSCCC Caucuses will surround the grounds of the capitol.

This year the “March in March” will be like none other than before as it will be the stepping-stone for future events by raising the bar of student engagement for an event of this caliber. In the upcoming weeks, the External Affairs Committee will be providing you with a lot of exciting news and information to assist you with planning to attend the event.

In solidarity,

Donovan Hamsher
